Silicon Valley Tour - Israel

8 days / 9 nights

Join me on my next annual pilgrimage to Silicon Valley
Israel and *experience innovation* for yourself.

This small group tour is an incredibly rare and personal behind the scenes look at Israel the Start Up Nation exploring innovation from its grass roots up, learning lessons from its ecosystem and engaging with 30+ of its key players, investors, innovators, influencers, geeks, nerds, politicians, academics and influencers.

- of only 8 million people last year earned:
- US\$15 billion from unicorn start-up exits;
- \$9.8 billion from Israeli companies going public,
- \$5 billion from 52 start-ups being acquired, and
- 10 Israeli bio-med companies go public on the NASDAQ.

Together we'll visit the labs, talk to the geeks and nerds, meet the politicians, dine with the movers and shakers and have serendipitous conversations and meetings that will leave you inspired, wired, connected and with an incredible understanding of what's being done and thought about at the bleeding edge of innovation and invention. **FTI**

See for yourself why the world's leading multinational companies including Microsoft, Motorola, Google, Apple, Facebook, Berkshire-Hathaway, Intel, HP, Siemens, GE, IBM, Philips, AOL, Cisco, IBM and Toshiba are amongst the long list of over 250 multi nationals who have set up shop and invested heavily in Israel and why a small nation
